I have read and fully understand the terms and conditions of Sport Chrome, Inc.

Please return this completed form along with a copy of your business license, seller's permit and a print advertisement.

Sport Chrome, Inc., only accepts Dealer Applications from legitimate motorcycle, auto and metal finishing businesses.
Sport Chrome, Inc. Reserves the right to refuse service.

TERMS AND CONDITIONS

PAYMENT: Guaranteed Funds (C.O.D.) and Pre-shipment Credit Cards are the only forms accepted by Sport Chrome, Inc., from new dealers, unless specified and approved by management prior to shipment. We understand this policy may cause difficulties for some new dealers; however, this policy helps prevent loss to the company and ensures competitive pricing in the future.

EXCHANGE: Sport Chrome, Inc., offers late model motorcycle wheels, swing arms and components for exchange. Items ordered for exchange will either be available upon receipt of your good condition, identical cores, OR in an advance shipment when the customer pays a refundable core charge (average core charge for a wheel set is between \$500 and \$800). We strongly suggest that the cores are thoroughly inspected by you prior to being returned for refund. Any damage to cores will result in a repair or replacement charge.

REPAIR: Any parts requiring repairs (i.e. welding, straightening, etc.) must be accompanied with a purchase order describing the damage and repairs to be done. If a request does not accompany the shipment, Sport Chrome, Inc., will not be held responsible for costs occurred prior to repairs.

QUALITY CONTROL: All items chrome-plated by Sport Chrome, Inc., are meticulously inspected for any defects in plating prior to shipping. Poor metal composition may result in imperfections visible underneath plating. Items with poor metal composition may require double, or even triple the normal amount of plating. In the event extra plating is needed, additional charges will be necessary. Dealers will be notified before extra charges are applied to their account. Pictures of items for evaluation will be available upon request.

ORDER COMPLETION DATES: Upon request, Sport Chrome, Inc., employees can provide estimates of lead times required to complete your order. We provide the best possible time estimates; however, it is possible for unforeseen delays to occur, which will increase the time needed to complete your order. Our time estimates are in good faith. They are based on our current workload, the assumption that repairs are not needed and the parts have good metal composition. Unfortunately, no time estimates are guaranteed. Sport Chrome, Inc., refuses to lower quality standards due to demand for quicker turnaround time. We will not be responsible for upgraded shipping costs due to delay of order completion. Lead time estimates are available by phone or email during office hours. Please ask about our Expedited Order Processing Service for your limited time frame projects.
